Always Make Love

to your wife: Remember she is just as sweet and dainty now as when you used to hold her by the hand and look into her eyes and tell her she was your only love, your heart's delight. Half the petulance and dis-tress that makes you so irritable comes from indigestion. You can cure it by taking Dr. Caldwell's Syr-up Pepsin. It is guaranteed by E. Howard.

Yesterday we announced the death of Mr. Frank C. Haight, at the age of 22 years, at the home of his father in this city. But few persons in the city knew the young man, although he has resided here with his parents five or six years, but has been confined to the house for the past three years, most of the time bed ridden. When about three years old he received a se-vere hurt on the spine by being hit with a stone, and until three years ago was able to go about on crutches. Since then he has been confined to the house.

As a boy he was very studious and took a great interest in ento-mology and had a fine collection of the bugs and the creeping things of this and other sections of the country. After being confined to his bed he did not give up his studies but took up languages and had mastered Spanish and German, and could speak both languages. His own room was full of books and specimens.

He was one of the most patient and heroic of all sufferers. Dur-ing the past three years he has un-dergone three surgical operations, but refused to take anesthetics, and bore the pain with a fortitude of a martyr. During his confine-ment he never uttered a complaint or as remarked by a lady friend who has watched with him of late: "I never heard him complain or moan, except when asleep."

He was a member of the Meth-odist church at Caldwell, Kan., and died as he had lived, true to his church, a consistent christian, a fond, dutiful, loving, and patient child and son, the pride of his father, the lover of his mother, and the friend of every one who knew him.
